

USICOIN

Presented by:

- André García Gómez
- Rwiddhi Chakraborty

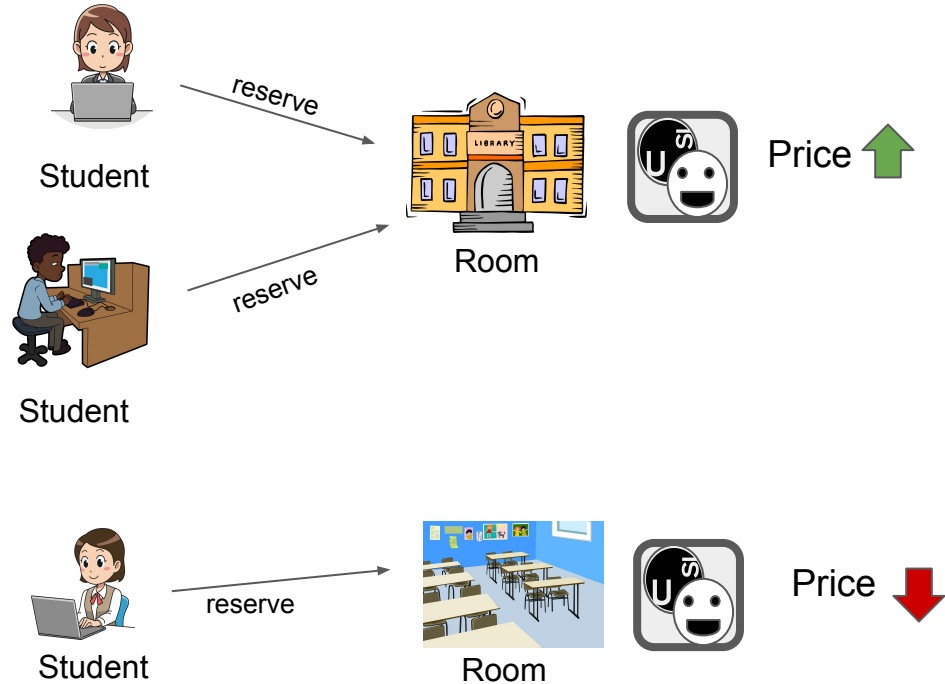

Date: 14/12/2020

Main idea

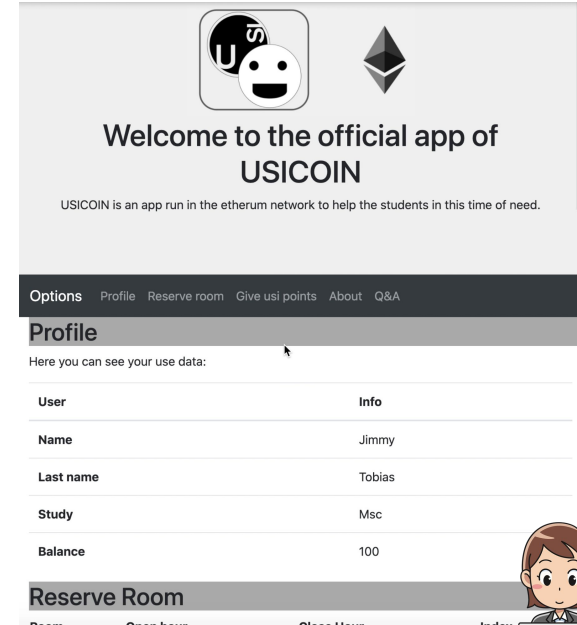

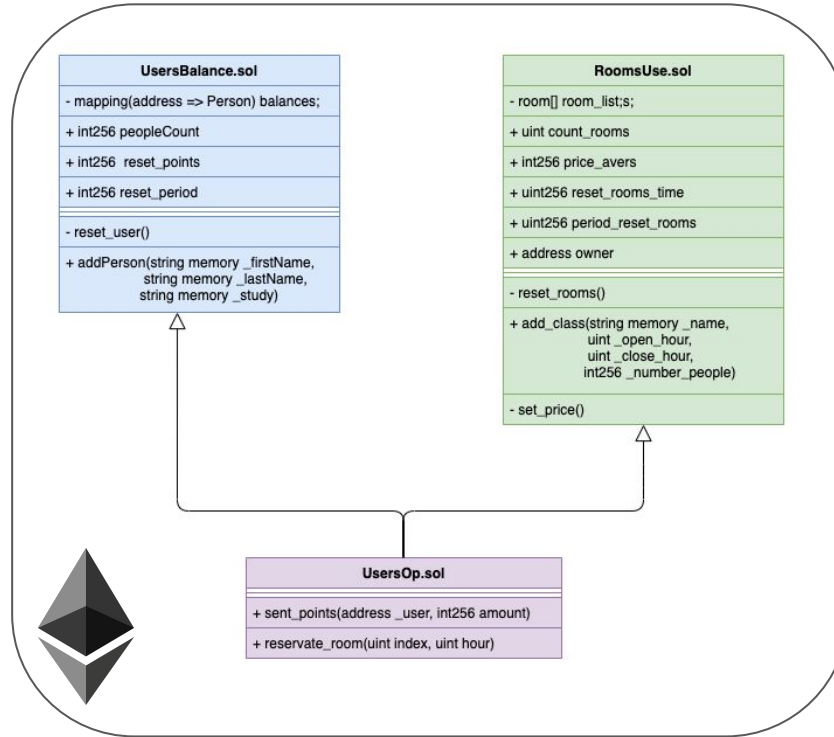

Main idea

- Create an internal market to distribute the students.
- Rooms have a **price that changes with demand** and **limited physical space**.
- **Every student starts with the same number of USICoins.**
- You can't buy USICoins with real money to maintain a fair game.
